The SMP investigation, with the project no. 12707011707-1, shows that the cleaning effectiveness of the Medisafe SI PCF Washer in combination with the detergent 3 E Zyme is powerful enough to assure good cleaning results of Conmed corporation Detachatip® Instruments without the need of manual pre-cleaning:

- All instruments are visibly clean
- All tips of the instruments are clean after the process.
- All tests fulfil the acceptance criteria
